Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors
Make-A-Wish Foundation® of Montana, Inc.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Make-A-Wish Foundation® of Montana, Inc. as of August 31, 2017 and 2016, and change in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

MAKE-A-WISH FOUNDATION® OF MONTANA, INC.
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2017 AND 2016

NOTE 1 ORGANIZATION

Make-A-Wish Foundation® of Montana, Inc. (the Foundation) is a Montana not-for-profit corporation, organized for the purpose of granting wishes to children with life-threatening medical conditions. The Foundation is an independently operating chapter of Make-A-Wish Foundation® of America (National Organization), which operates to develop and implement national programs in public relations and fundraising for the benefit of all local chapters. To be a Make-A-Wish chapter, the local chapter is obligated to comply with a chapter agreement with the National Organization and such guidelines, resolutions, and policies as may be adopted by the National Organization's board of directors.

The Make-A-Wish Foundation of Greater Pennsylvania and West Virginia, Inc. (Greater PA), entered into an agreement with the Make-A-Wish Foundation of America, effective September 1, 2010, to assume responsibility for the Make-A-Wish Foundation's mission in the Montana territory on a temporary basis. The agreement ran through August 31, 2015. Effective September 1, 2015, the Montana territory, as approved by the National Organization's Chapter Performance Committee, became a standalone chapter. As such, on that date, Greater PA was relieved of the responsibility of fulfilling the Make-A-Wish mission within the state of Montana. In conjunction with the Montana Chapter's standalone status, the Greater PA transferred assets and liabilities to the Montana Chapter with fair values of \$314,755 and \$128,660, respectively, on September 1, 2015.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Foundation are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America applicable to not-for-profit entities.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Contributions Receivable

Contributions receivable are unconditional promises to give. Such promises that are expected to be collected within one year are recorded at expected net realizable value when the promise is received. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. Contributions receivable are discounted using fair value rates and contributions are written off when deemed uncollectible.

MAKE-A-WISH FOUNDATION® OF MONTANA, INC.
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2017 AND 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment, Net

Property and equipment having a unit cost greater than \$500 and a useful life of more than one year are capitalized at cost when purchased. Donated assets are capitalized at the estimated fair value at the date of receipt and restrictions are released once the asset has been placed into service. Property and equipment under capital leases are stated at the present value of future minimum lease payments at the time of acquisition. Depreciation on property and equipment is provided on a straight-line basis over the estimated useful lives of the assets, generally three to six years. Leasehold improvements are amortized over the shorter of the estimated useful life of the asset or the remaining terms of the leases. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are expensed as incurred.

Long-lived assets, such as property and equipment, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances indicate a long-lived asset may be impaired, the asset value will be reduced to fair value. Fair value is determined through various valuation techniques including quoted market values and third-party independent appraisals, as considered necessary.

Net Assets

The Foundation's net assets and changes therein are classified and reported as follows:

- **Permanently restricted net assets** – Net assets subject to donor-imposed restrictions that the principal be maintained in perpetuity. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on related investments for unrestricted purposes. The Foundation does not have any permanently restricted net assets as of August 31, 2017 and 2016.
- **Temporarily restricted net assets** – Net assets subject to restrictions imposed by donor or law that may be met either by actions of the Foundation or the passage of time.
- **Unrestricted net assets** – Net assets that are not subject to donor-imposed restrictions or law.

Revenue Recognition

Unconditional promises to give are recognized initially at fair value as contributions revenue in the period such promises are made by donors. Fair value is estimated giving consideration to anticipated future cash receipts (after allowance is made for uncollectible contributions) and discounting such amounts at a risk-adjusted rate commensurate with the duration of the donor's payment plan. Amortization of the discounts is recorded as additional contributions revenue. Conditional promises are recorded as revenue once the conditions are substantially met. Contributions, grants, and bequests are recognized as either temporarily or permanently restricted if they are received with donor stipulations that limit the use of the donated assets.

MAKE-A-WISH FOUNDATION® OF MONTANA, INC.
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2017 AND 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. When restrictions are met in the same period as the contribution is received, the Foundation records the contribution and the expense as unrestricted. Contributions of assets other than cash are recorded at their estimated fair value. Contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

The Foundation received in-kind contributions of assets, services, and materials that are reported in the statements of activities as follows at:

An internal special event is a fundraising event coordinated and staffed by Foundation personnel rather than a third-party support group or organization. It is designed to attract people for the purpose of raising mission awareness, for increasing funding from existing donors, and the cultivation of future donors. Internal special event in-kind amounts are donated items recorded at fair value that are used in facilitating the event. Examples of such donated items are generally food, beverage, facility costs, and auction items.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

Advertising and media is used to help the Foundation communicate its message or mission and includes fund raising materials, informational material, or advertising, and may be in the form of an audio or video tape of a public service announcement, a layout for a newspaper, media time or space for public service announcements, or other purposes.

Donated advertising and media is reported as contribution revenue and fundraising expense when received and the reporting of such contributions is unaffected by whether the Foundation could afford to purchase or would have purchased the assets at their fair value.

Income Taxes

The Foundation is a not-for-profit organization exempt from federal income taxes under the provisions of Internal Revenue Code Section 501(c)(3), however, the Foundation remains subject to income taxes on any net income that is derived from a trade or business, regularly carried on and not in furtherance of the purpose for which it was granted exemption. No income tax provision has been recorded as the net income, if any, from any unrelated trade or business, in the opinion of management, is not material to the financial statements taken as a whole.

Management believes that no uncertain tax positions exist for the Foundation at August 31, 2017 and 2016. The Foundation files income tax returns in the U.S. federal jurisdiction and applicable state jurisdictions.

Functional Expenses

The Foundation performs three functions: wish granting, program-related support, training and development, public information, fundraising, and management and general. Definitions of these functions are as follows:

Wish Granting

Activities performed by the Foundation in granting wishes to children with life-threatening medical conditions.

Fundraising

Activities performed by the Foundation to generate funds and/or resources to support its programs and operations. During the fiscal years ended August 31, 2017 and 2016, the Foundation incurred no joint costs.

MAKE-A-WISH FOUNDATION® OF MONTANA, INC.
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2017 AND 2016

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Expenses (Continued)

Management and General

All costs not identifiable with the specific programs or fundraising activities, but indispensable to the conduct of such programs and activities and to the Foundation's existence, are included as management and general expenses. This includes expenses for the overall direction of the Foundation, business management, general recordkeeping, budgeting, financial reporting, and activities relating to these functions such as salaries, rent, supplies, equipment, and other expenses.

Expenses that benefit more than one function of the Foundation are allocated among the functions based generally on the amount of time spent by employees on each function.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the useful lives of property and equipment, valuation of contributions receivable and in-kind contributions, accrued pending wish costs, net of attrition, allocation of functional expenses and whether an allowance for uncollectible contributions receivable is required.

Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets.

NOTE 3 CONTRIBUTIONS RECEIVABLE

The Foundation's contributions receivable as of August 31, 2017 and 2016 was \$4,876 and \$20,984, respectively, which are due from one donor in both years. All contributions receivable are due within the next twelve months. Management determined that all contributions receivable are fully collectible; therefore, no allowance for uncollectible accounts is considered necessary at August 31, 2017 and 2016.

NOTE 4 TRANSACTIONS WITH RELATED ENTITIES

The National Organization conducts national fundraising efforts for which cash and in-kind donations are received and shared with the Foundation. These funds represent revenues associated with: distributions from national partners, individual donation amounts collected via online and white mail donations, amounts for internal grants, travel, and training scholarships, amounts to fund the Adopt-A-Wish® program, and other miscellaneous revenues. During the years ended August 31, 2017 and 2016, the Foundation received \$172,049 and \$175,167, respectively, from these national revenue streams.

As part of the National Organization's Wish Fulfillment Fund, chapters may apply for funds that have been donated by other chapters to underwrite the cost of wishes. Under this program, the Foundation received \$50,000 annually under this program for the years ended August 31, 2017 and 2016.

Conversely, the Foundation pays amounts to the National Organization for chapter dues, insurance, and other miscellaneous ancillary expenses that Make-A-Wish Foundation of America pays on behalf of the Foundation and for services provided by the National Organization. Amounts totaling \$33,141 and \$105,187 were paid from the Foundation to the National Organization during the years ended August 31, 2017 and 2016, respectively.

Chapters who assist with the organization and granting of wishes from other chapters are paid a "fee for service" called the wish assist fee. Under this program, the originating chapter agrees to pay a fee to the chapter of the wish destination to assist with any planning, booking, and facilitating of the wish for the home chapter. Under this program, the Foundation received \$1,550 and \$1,200 for the years ended August 31, 2017 and 2016, respectively, which is recorded in the accompanying statements of activities as other income.

NOTE 6 ACCRUED PENDING WISH COSTS

The Foundation accrues for estimated costs of reportable pending wishes when five certain, measurable wish criteria are met. Prior to meeting these five criteria, the wish is not considered an obligation due to the inherent uncertainties surrounding these criteria and is therefore not accrued as a pending wish. This accrual does not represent a legally binding liability, but is considered a moral obligation to the child by the Foundation arising when the five criteria are met. Reportable pending wish criteria include:

1. Receiving a referral,
2. Obtaining the required medical eligibility form,
3. Contact with the wish family has occurred to determine the prospective wish,
4. Determination that the wish falls within the National Organization's wish granting policy, and
5. The wish is expected to be granted within the next 12 months.

AUGUST 31, 2017 AND 2016

NOTE 6 ACCRUED PENDING WISH COSTS

Estimated cash and in-kind costs are accrued at year-end for all reportable pending wishes. The in-kind portion of the pending wish liability includes the estimated in-kind expenses that are expected to be incurred in fulfilling each wish even though the matching in-kind revenues are not recognized until the in-kind goods or services, or an unconditional promise for those in-kind goods or services, are received. Although not fully guaranteed, if all the related expected in-kind revenue were recognized in the same fiscal period as the expected in-kind expense, total net deficit at August 31, 2017 would be decreased by \$81,810 resulting in adjusted net assets of \$48,921.

The Foundation, as part of its estimate of accrued pending wish costs, also considers attrition on pending wish costs. An attrition rate is calculated by the Foundation by analyzing the trend of wishes that have been accrued for using the five criteria discussed above that have not been able to be completed within the past twelve months due to factors outside of the control of the chapter, such as the death of a child, the move of the family out of the chapter's territory, or loss of contact with the family. As of August 31, 2017 and 2016, the Foundation had 19 and 26 reportable pending wishes, respectively.

NOTE 7 LEASES

The Foundation is obligated under various capital and operating leases for offices and equipment, which expire at various dates through May 31, 2021. As of August 31, 2017 and 2016, the cost of leased property and equipment under capital leases was \$8,384 and accumulated depreciation was \$2,096 and \$419, respectively. Total rent expense for all operating leases for the years ended August 31, 2017 and 2016 totaled \$9,713 and \$10,980, respectively.

Future minimum lease payments under capital and operating leases having remaining terms in excess of one year are as follows:

The Foundation places its cash and investments with high credit quality financial institutions and generally limits the amount of credit exposure not to exceed the FDIC insurance coverage limit of \$250,000. From time to time throughout the year, the Foundation's cash balances may exceed the amount of the FDIC insurance coverage.
